

Safe & compassionate care,

every time

NHS

Buckinghamshire Healthcare
NHS Trust

Welcome to Buckinghamshire Healthcare NHS Trust

At Buckinghamshire Healthcare NHS Trust we have a lot to be proud of; we have been designated one of eight Accountable Care Systems in the country by NHS England, named as one of the top 40 Trusts in the UK by health intelligence specialists and been awarded a competitive contract from children and young peoples integrated therapies.

Recently we have also; expanded our stroke service and opened our second cath lab whilst maintaining our A grade rating by the SSNAP, become the first burns unit in the UK to introduce a new enzyme treatment, launched our community hubs in Marlow and Thame, pioneered a new partnership between our National Spinal Injuries Centre and the charity Dogs for Good and created new roles, including the first nurse angiographer in the UK.

At Buckinghamshire Healthcare NHS Trust we have a simple

mission- to provide safe and compassionate care every time. Our focus is on providing the right care, right place, right time, first time and everything we do is aimed at delivering high quality care when and where our patients need it.

Buckinghamshire Healthcare NHS Trust has around 6,000 highly-trained, qualified doctors, nurses, midwives, health visitors, therapists, healthcare scientists and other support staff caring for more than half a million patients from Buckinghamshire and neighbouring counties every year.

As an integrated Trust, we provide care in people's home, from one of our five community hospitals at Amersham, Thame, Marlow, Buckingham and Chalfonts & Gerrards Cross Hospital or from one of our acute hospitals at Wycombe Hospital and Stoke Mandeville Hospital.

When you come to work for us, you will be part of a team dedicated to making a difference to our patients by delivering high quality, safe and compassionate care. All our staff are committed to our Trust CARE values:
